Has living with CHD impacted your mental Health? We want to hear from you!

Survey link here www.surveymonkey.com/r/9F2GZPK

Canadian Congenital Heart Alliance in partnership with MacEwan University are asking how your experience living with CHD has impacted your mental health. Your answers will be anonymous and the data collected through this survey will be used to guide program and resource development, future research, and advocacy tools.

Survey closes November 16, 2020.
