We are excited to announce the launch of our revised and expanded Transition information section on our website, which includes an outline of transition timeline recommendations and a tools and resources section to support and educate youth and families during the transition process. Check it out!

General information about Transition and Risks: https://www.cchaforlife.org/transition

Transition timeline recommendations: https://www.cchaforlife.org/transition-timeline-recommendations

Tools and Resources: https://www.cchaforlife.org/transition-tools-resources

In other news, CCHA collaborated with Heart and Stroke, I Heart Change, Fondation En Couer (Dr. Anne Fournier), Braveheart Support Society/IWK and Global Arch to create a CHD Transition of Care tip sheet (download pdf below) in time for CHD Awareness Week. Also available in French

Congenital heart disease transition of care tip sheet

Do you know...

Making the transition to adult congenital heart disease care

Where will I be transferred to?

Degree	Examples	Who should you ask about your heart?
Simple		
Moderate		
Complex		

Steps to take for a successful transition

Other actions you can take:

Do you know...
